

Your Classic Current Account with Vantage Conditions.

Thank you for opening your account with us. Your Classic Account is our standard current account. To have the account you must be 18 or over.

Our agreement with you is made up of general conditions (contained in the Bank of Scotland Bank Account Conditions leaflet) and additional conditions. These include the conditions below and the Banking charges guide, which contains our standard fees. If there is any overlap or conflict between the additional conditions and the Bank Account Conditions, the additional conditions apply.

Overdrafts.

If you have applied for a planned overdraft, the limit and interest rate will be as agreed with you today. Full details will be sent to you separately in the post.

Vantage.

Vantage gives you the benefit of credit interest on your current account if you comply with the Vantage conditions. You can have a maximum of three accounts with Vantage.

The Vantage conditions are that each month you must:

- pay into your account at least £1,000 during the calendar month; and
- keep your account in credit (that is above £0) during the monthly billing period.

If you meet the Vantage conditions, you will qualify for credit interest for that monthly billing period, which runs from the second working day of a month to the first working day of the next month. This means we will work out interest on a daily basis at the relevant Vantage interest rate from the second working day of the month and pay it to your account at the end of the first working day of the next month.

If you do not meet both the Vantage conditions we will not pay interest on the amount in your account. We also do not pay interest on any amount over the Vantage upper limit.

Continued overleaf

The Vantage interest rates set out below will vary depending on the amount in your account. They will apply from the day we upgrade your account with Vantage.

EAR is the Equivalent Annual Rate. This is the actual annual rate of an overdraft. It doesn't take into account other fees and charges.

AER stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest was paid and compounded once each year. As every advert for a savings product will contain an AER you can compare more easily what return you can expect from your savings over time.

Gross rate means that credit interest is paid without income tax being deducted. You can receive your interest paid gross if you are a non-taxpayer and have completed an HMRC R85 form.

Net rate is the rate payable after the deduction of income tax at the rate specified by law. You may claim income tax back from HMRC if the amount of tax we have taken off is more than you have to pay. As the rate of tax may vary, the net rate is given for illustration only and is rounded to two decimal places.

Overdrafts are repayable on demand and are subject to status.

We can change the conditions in accordance with the Bank of Scotland Bank Account Conditions.
