Who we spoke to about the closure

We contacted these members of the local community

- The local MP for Caithness, Sutherland and Easter Ross and the local MSP for Skye, Lochaber and Badenoch
- Banking Team and Senior Representatives from the Post Office
- Post Office Area Manager responsible for the nearest three Post Offices to our closing branch
- National Federation of Sub Postmasters
- The local Citizens Advice Bureau
- The local Chamber of Commerce.

The feedback we received

A small number of customers said that they were disappointed about the decision to close. We explained more about the alternative branches available as well as the services at the Post Office.

We met with Kate Forbes MSP who expressed disappointment at the decision and raised concerns on behalf of vulnerable customers. We explained the alternatives available, how we will be supporting our customers, and encouraged her to share details of anyone who needs additional support.

We received a joint letter from Angus MacDonald MP, Jamie Stone MP and Liberal Democrat MSP candidates asking us to reconsider our decision. The group felt the closure would detrimental to the community, small businesses and vulnerable customers. We are in the process of responding.

What we've done to help make the change smoother

- We've called individual customers we know use the branch as their main way of banking with us. This includes customers that may need extra support. We've let them know about other ways to bank and to provide help if they need it.
- We've partnered with the Digital Helpline who offer free one to one help over the phone to support customers to use the internet for banking. We've given customers with an identified need the contact details they need to access free support.

Our colleagues can help you

- Colleagues at the Dingwall branch have received in-depth training. They can help with a range of customer needs, especially extra support about how we can help you bank.
- Dingwall branch colleagues held a digital support event to help customers register and use online and digital services.
