

SAVINGS RATES OF INTEREST

Interest is paid annually unless you ask us to pay it monthly. Your interest will be paid Gross. This means that we will not deduct tax automatically from your interest. Depending on your personal circumstances, you may need to pay tax on the interest you earn, and it will be your responsibility to pay any tax you may owe to HM Revenue & Customs (HMRC).

Definitions

AER stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest was paid and compounded once each year. As every advertisement for a savings product which quotes an interest rate will contain an AER you will be able to compare more easily what return you can expect from your savings over time.

Gross rate means we will not deduct tax automatically from the interest we pay on money in your account. It's your responsibility to pay any tax you may owe to HM Revenue & Customs.

Tax and tax relief

All references made to tax and tax relief in this brochure are based on our understanding of current legislation and

HM Revenue & Customs practice. The law relating to taxation is always liable to change in the future and such changes cannot be foreseen. The amount of tax payable will depend on the individual investor's personal circumstances.
